Inoperative, dangerous labels tied to county school heaters

A lack of routine maintenance by skilled technicians and normal wear and tear have left much of the heating equipment at Hancock County schools either inoperative or in a "dangerous condition," according to a local heating contractor.

Shubert reported on a survey he made of heating, air conditioning and refrigeration equipment at the request of Terrell Randolph, superintendent of schools.

"We're trying to avoid the kind of problems we had last year," Randolph said, reflecting on last year's severe winter and frequent lack of heat in the system's schools.

Shubert said his firm could restore the equipment to "operative and safe"

condition if work "could begin immediately before heating industry's

Youth Center plan for Webb School unveiled

By ELLIS CUEVAS
Jay Rutledge, president of the Bay St. Louis Jaycees, submitted a proposal to Bay Commission Council Tuesday night to turn the old Webb School into a Youth Center.

Under the proposal, the Jaycees would lease the building and grounds from the City for a sum of one dollar (\$1.00) per year for a minimum of ten (10) years.

Waveland developers fail in council zone switch plea

A proposed apartment house development in Waveland suffered a temporary setback on Tuesday when the town's Board of Aldermen rejected the necessary zoning changes.

The board also rejected zoning changes requested for construction of a restaurant on Terrace and Bourgeois Streets.

The action was taken on recommendation of the Planning and Zoning Commission which had earlier held

public hearings on the requests for zoning changes, both submitted by Denny Reott of Mollere Realty on US-90.

The commission reported citizen opposition to the changes came principally against the proposed restaurant. There was no opposition to the apartment development, but the change request was submitted by Reott as a package.

The board, therefore, told Reott he

would be required to re-submit the apartments request, to be located on property bounded by Coleman.

Charles Hill, representing Burk and Associates told the Bay St. Louis City Council on Tuesday that a grant from the Economic Development Ad-

ministration (EDAS) has been approved for the pedestrian crossing over U.S. 90 at Dunbar Avenue.

The Council has 90 days from Sept. 18, to have the project started.

Hill said plans were 60 percent complete and his firm requires from ten to 14 days to finish. The next Council meeting is scheduled Oct. 12

Swift justice promised

Referee doubles court terms as juvenile crime continues climb

by JAKE JACOB
Youth Court Referee Michael D. Haas, told the Hancock County Board of Supervisors on Monday the county is experiencing a "rash of juvenile

crime." He said that September had presented the court with 40 to 45 cases, cases taking anywhere from 15 minutes to six hours to hear.

In a move to administer "swift justice," to the juvenile offender, a measure Haas described as being a preventative to further crime, the referee said he was increasing his court sessions from one to two a month, these being on the second and fourth Wednesday.

Haas reminded the supervisors that sometimes his juvenile court gets cases it does not "get rid of," until the court loses jurisdiction over the offender, by virtue of his advancing beyond the juvenile status.

The referee delivered copies of a

Next court term to open here, Oct. 10

A total of 33 criminal charges are pending against 21 defendants listed on the docket of Hancock County Circuit Court for the October, 1977 term currently in session.

In addition, the court is scheduled to hear 127 civil cases.

Defendants and charges they face include:

Alex G. Bennett, manslaughter, two counts burglary and larceny of a dwelling, and two counts burglary and larceny;

David Bourgeois, two counts grand larceny, burglary, and burglary and larceny;

Billy Jenkins, two counts fondling; Melvin Luxich, desertion; Kenneth Banks, trespassing;

American Red Cross

By MRS. ETHEL E. EVANS
RED CROSS PUBLICITY CHAIRMAN

Are you one of those still holding on to the old concept of the American Red Cross as having been unfair to the men in the military in World War I?

If you are, you should know the REAL facts concerning the myth that has persisted down through these many

years about the service men having had to pay for coffee, cigarettes, food and lodging.

The American Red Cross does not deny that this happened, the organization only wishes that each time the story is repeated it would be followed by the true explanation of WHY the service men were charged.

The four-year-old son of John A. January and Diane Walston, of New Orleans, died Sunday at Methodist Hospital in New Orleans.

Other than his parents he is survived by two brothers, John A. January and Michael Walston, both of New Orleans. Edmund Fahey, Funeral Home in Bay St. Louis was in charge of local arrangements.

LORRAINE LADNER

Bay nurse dies in accident

A one-car accident Tuesday morning on US-49, 12 miles south of Hattiesburg, claimed the life of Lorraine Ladner, 19, of Bay St. Louis.

Miss Ladner, native of New Orleans and resident of Bay St. Louis for the past 15 years, was on her way to classes at the University of Southern Mississippi when the accident occurred.

She was a 1975 graduate of Our Lady's Academy and a 1977 graduate of the Pearl River Junior College School of Nursing.

She was working as a nurse at Garden Park Community Hospital in Gulfport in addition to taking additional courses at USM.

A funeral mass is to be held today at 10 a.m. at Our Lady of the Gulf Catholic Church followed by burial in Garden of Memory Cemetery.

Survivors include her parents, Mr. and Mrs. Charles J. Ladner; two sisters, Mrs. John L. (Carmel) Bufkin and Mrs. Gary (Janelle) Griffin; and one niece, Janelle Bufkin, all of Bay St. Louis; grandparents, Mrs. Gladys Mouldous, Clermont Harbor, and Charles A. Ladner, Bay St. Louis.

VINCENT MARQUEZ

Vincent S. Marquez, 74, a retired machinist for Gulf Coast Welding and a resident of 136 West Second St. in Pass Christian, died Tuesday at Gulfport Memorial Hospital.

A prayer service was held Wednesday at Riemann Funeral Home Chapel in Pass Christian, followed by Mass in St. Paul Catholic Church.

Burial was in St. Paul's Cemetery.

Born in Ansley, he had lived at his present address for 50 years, and was a member of St. Paul Catholic Church.

He is survived by his wife, Mrs. Eglantine Lizana Marquez of Pass Christian; two sons, Marion J. Marquez of Columbia, S.C., and Vincent S. Marquez, Jr. of Fort Worth, Tex.; one daughter, Mrs. Katherine Bergeron of Laurel; one brother, Edward Marquez; one sister, Frances Marquez, both of Bay St. Louis; and eight grandchildren.

MRS. BERNICE WILLIAMS

Mrs. Bernice Williams, 31, 426 Webster St., Bay St. Louis, died Sept. 28 in a train-automobile accident in Los Angeles, Calif.

She is survived by her mother, Mrs. Lula Tillman, her father, Izery Williams, both of Bay St. Louis; three brothers, Nelson Lang, Gulfport, Herbert Williams, U.S. Army, and Elbert Williams, Bay St. Louis; and four sisters, Miss Ellen Williams, Bay St. Louis, Ellen Albertson Alston, Oklahoma City, Okla., Miss Urcell Williams and Mrs. Lionell Lord, both of Los Angeles, Calif.

A wake service was Tuesday at St. Rose de Lima Catholic Church in Bay St. Louis.

The funeral was Wednesday followed by burial in St. Mary's Cemetery. J.T. Hall Funeral Home of Gulfport was in charge of arrangements.

HERMANN WEINMANN

Funeral services for Hermann Weinmann, 73, of Rt. 3, Box 222, Bay St. Louis, were held Monday at the First Baptist Church of Carriere, followed by burial in the Carriere Cemetery.

A retired engineering inspector, he died Sunday at Hancock General Hospital. He was a native of New Orleans and a member of the Baptist church.

Survivors include his wife, Mrs. Winona Weinmann, Bay St. Louis; one son, David L. Weinmann, Las Vegas, Nev.; three grandchildren and one great-grandchild. McDonald Funeral Home, Picayune, was in charge of arrangements.

Train kills 30-year L&N veteran

Funeral services for a 30-year-old Waveland man, killed this week along the railroad tracks where he had earned his living for some 30 years, were conducted Wednesday at his residence.

Charles Wesley Bruns, 603 Dufre Lane, Waveland, was dead at the scene Sunday after he was apparently struck by a west-bound Louisville and Nashville freight about noon near his home.

He was buried Wednesday in the Waveland Cemetery where he had served as a volunteer caretaker for the past several years.

Prior to his retirement some 30 years ago, Bruns had worked the previous 30 years as a track-man on the L&N right-of-way between New Orleans and Mobile.

Waveland Police Chief Donald Dorn said exact cause of the accident was un-

determined. Bruns still carried a railroad pocket watch which was smashed in the accident.

Railroad officials told Waveland police train personnel had no knowledge of the accident.

His body was discovered by relatives who had been searching for him after he wandered from his home Sunday morning.

Wake services were conducted at the residence Tuesday night and burial was at 11 a.m. Wednesday.

Survivors include his wife, Beatrice Davis Bruns; one daughter, Mrs. Beatrice Bruns Gates; and one son, Charles Wesley Bruns III, all of Waveland; one sister, Mrs. Agnes Haynes of Bay St. Louis and Waveland; three grandchildren, Salaina, Blair and Dwayne Gates, all of Waveland, and numerous nieces and nephews.

Documented copies of a letter from the Secretary of War, Henry L. Simpson, to the chairman of the American Red Cross, Norman H. Davis, prove that the Red Cross received what was tantamount to a command that they charge the American service men for food, lodging, etc.

Men from all the Allied forces used the same Club facilities, and for a while the American Red Cross was the only organization giving cigarettes, coffee, etc. to the Americans. All other service men had to pay for such items.

When the request came through that all service men be treated the same, regardless of which country's uniform they might be wearing, the American Red Cross organization was adamantly opposed to the idea of asking American soldiers to pay.

But when the Secretary of War sent them his "request," they had no choice in the matter. Consider then the reason for the act, and be one of those broad-minded individuals who can bury the past and help the badly tarnished image of the American Red Cross regain its true lustre!

A New Orleans paper recently carried a story told by TV actor Earl Holliman, at the United Way Kick-Off Dinner. "It seems he had sat next to a man on the plane to New Orleans who told him of having been a prisoner of war in a Japanese concentration camp. His praise of the American Red Cross was limitless, as he recounted all they had done for him when he was finally released, undernourished and in terrible physical condition. He said he knew he would not have survived except for the blood, medication and nourishment the American Red Cross gave him for many months."

The American Red Cross organization relies totally on voluntary contributions, and is one of the many recipients of United Way funds. A recently released report of the

Mississippi Gulf Coast Chapter of the Red Cross showed that every dollar contributed to ARC through the United Way returned to the community more than four-fold. This figure was arrived at by attributing dollar value for services rendered, and here are some statistics to prove it:

-337 ARC chapter volunteers served 22,298 hours, providing services in programs benefitting the citizens of the Gulf Coast. Volunteers, of course, are unpaid workers, giving unselfishly of their time and efforts.

Court terms...

(Continued from page 1)

Carl Lnu, burglary and larceny of a dwelling in the nighttime;
Bobby G. Miller, aggravated assault on a law enforcement officer;
Richard E. Tomlinson and Dennis Reott, burglary;

Everett Willie Necaise, Jr., John Everett Necaise, Paul Bruce Ladner and Kenneth Bernard Ulrich, burglary and larceny of a dwelling;
dwelling in the nighttime;

Lenora Greer, armed robbery;
John Kelly III, armed robbery;
John David Kordek, possession of burglary tools and burglary of a dwelling in the nighttime;

Louis Ellis, disturbing the peace in a public place;

Frank Ellis, disturbing the peace in a public place;
Joseph Jesse Vaccaro Jr., burglary and larceny of a dwelling;
Jimmy Sullivan, jail escape.

In addition, four "John Doe" warrants are before the court on a variety of criminal charges.

Return date of the October term is Monday, Oct. 10, attorneys have been requested by the court to return all court documents to the circuit clerk's office by that date.

unpaid workers, giving unselfishly of their time and efforts. But, consider this: if they had been paid at the rate of \$4.00 per hour, the Red Cross Chapters they represented would have had to pay them a total of \$88,192.00 for their services; which means that that sum could be considered as a donation.

-More statistics: The American Red Cross Bloodmobile collected 3,586 pints of blood in one Coastal County during 17 visits. Four of that same area's hospitals transfused 3,585 pints. If each pint had been given its economic value of \$35.00, a total of \$125,510.00 was donated to the community.

-The amazing American Red Cross trained 1,519 swimmers in Water Safety classes, and 479 in First Aid. Again, thinking of these services on the dollar level, it all adds up to \$290,717.00 worth of services rendered.

This year the United Way has earmarked \$88,700 for the American Red Cross. From the statistics given above you can clearly see that for every dollar given the Red Cross, in return the community receives services worth more than \$5.35. (Financial investors would envy such a rate of return!)

The whole world owes a debt of gratitude to the American Red Cross for no other organization covers so many phases of humanitarianism. The residents of Hancock County should be particularly thankful to them for the wonderful help they have given in time of disaster and need.

So - change your image of this wonderful organization - consider it by today's standards, bury that tired old story of the wrongs done to the American service men, and evaluate the work it does today.

Your number one step in the right direction will be to give YOUR FAIR SHARE when the UNITED WAY asks it of you, thereby also making you a staunch supporter of the amazing American Red Cross.

totalled some \$60, Tartavouille said, and final figures from the April case were set at \$350.

Charged in the case this week are a nine-year-old second grader from Waveland Elementary and a 14-year-old eighth grade student from Bay St. Louis Junior High.

Linked to the April vandalism are the Waveland student and another 14-year-old from Hancock North Central, the inspector reported.

Tartavouille said his investigation was conducted in cooperation with Waveland Elementary Principal James D. Baldrée.

USDA gives drought direction

The U. S. Department of Agriculture (USDA) has been assigned responsibility for an Emergency Livestock Feed and Drought Assistance Program under the 1977 farm bill signed Thursday by President Carter. Under the program, eligible producers may be reimbursed for up to 50 percent of the cost of feed purchased for their livestock.

The program will be administered by USDA's Agricultural Stabilization and Conservation Service (ASCS) through its farmer-elected county committees.

Individual farmer eligibility will be determined on a case-by-case basis by these committees with no emergency designation from Washington required before the program goes into effect in a county.

Previously, ASCS administered a similar program but received mission assignments from the Federal Disaster Assistance Administration, an agency of the Department of Housing and Urban Development. According to USDA spokesmen, the new program should result in better service to farmers since program decisions will be made at the county level rather than in Washington. Further, because the new program can go into effect on individual farms, the program can provide assistance when only a few farms in a county have been affected by natural disaster.

"The only deals we make are the ones we don't know about."

Developers...

In approval of other commission action, the board accepted the recommendation that all property facing Coleman Avenue be rezoned commercial (C-1) from Arlington to Central. The change includes St. Joseph Street lots which adjoin Coleman Avenue properties.

In another zoning matter, the board heard a report from Bob Zack of Columbus, Ohio, representing Harry Holden Associates, a firm which proposes development of privately-owned moderate income apartments through federal financing.

Zack, who was joined in his presentation by Dix Ashman, also of Mollere Realty, said he may come before the board requesting zoning changes at a later date.

Ashman said the development group is considering properties in the Blenheim Drive area, currently zoned R-3, suitable for multi-family or apartment dwellings.

Also at the Tuesday night meeting in Waveland's City Hall, the board heard a report from its attorney, Lucien Gex, on current guidelines applicable to expenditure of federal Economic Development Administration funds.

The guidelines were outlined earlier this week at a Gulfport meeting attended by Mayor John Longo Jr., City Clerk Barbara Rappold, Gex and several other Bay-Waveland area government and school officials.

(Continued from page 1)

Longo said federal officials have emphasized the requirement that at least ten percent of the total cost of EDS-financed projects must be placed with minority-owned contractors and suppliers.

Gex said the federal officials also stressed local-level management of EDA funded projects, with final reports to be sent to appropriate federal offices.

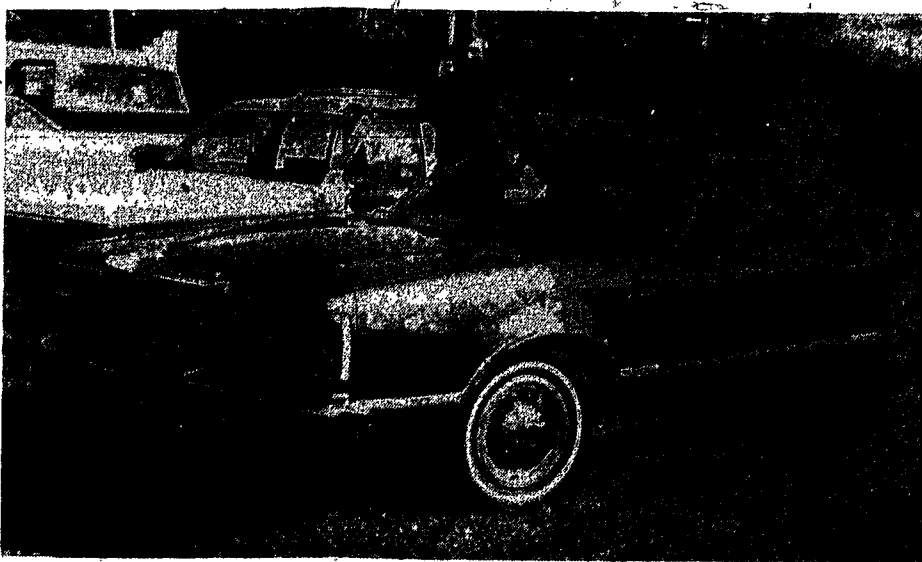

"That doesn't mean there won't be the usual miles of paper work involved in federal funding," Gex said, adding, "but they said you won't see a lot of federal officials around Waveland just because you're using federal money."

The board approved a request by Miss Rappold to move offices of the city clerk to the second floor of city hall to allow for expansion of that office as well as providing additional space for the offices of the tax collector and assessor on the ground floor.

The board also agreed to consider at its next meeting the adoption of the Standard Building Code for Swimming Pools.

Alderman Charles Johnson said a code section on pool fences would require modification since it conflicts with the city's current ordinance placing a five-foot maximum height on fences.

The board's next meeting is scheduled for 7:30 p.m. Thursday, Oct. 13.

THUNDERBIRD FOR 1978 - The Ford Motor Company, celebrating its 75th anniversary year, is offering this Diamond Jubilee Edition of the Thunderbird. Checking it out is Charles Henderson of Henderson Ford on US-90 in Waveland-Bay St. Louis. Among standard features on the new Thunderbird are chrome-plated swingaway grille, and dual note horn and fender louvers.

CHICKEN DINNER

A chicken dinner for the benefit of the First Missionary Baptist Church, Bay St. Louis, will be held Saturday, Oct. 8, from 11 a.m. to 4 p.m. at the home of Mrs. Mattie Sams, 448 Easterbrook Street.

Take out orders and deliveries will be available by calling Mrs. Sams at 467-6894 or Mrs. Lula Carter at 467-7255. Donation is \$1.75 per plate.

At Little Theatre

DRACULA

now playing

By MIKE CUEVAS

"Dracula", the original vampire play opens tonight at the Bay St. Louis Little Theatre playhouse on Boardman Avenue. Curtain time is 8:15 p.m.

Director Ted Stechmann, his cast and crew have worked tirelessly to present this classic play with the professionalism so expected of the local theatre.

The cast includes several Louie award winners for acting.

Doug Koger, who plays Count Dracula, has been a two time winner for his roles in "Plaza Suite" and "How The Other Half Loves."

Ed Craig, an award winner for his role of Mr. Baker, in "Come Blow Your Horn" portrays Abraham Van Helsing.

The 1976 Louie winner for best actor for his role in "Star Spangled Girl" Skip Wusnick, plays John Harker.

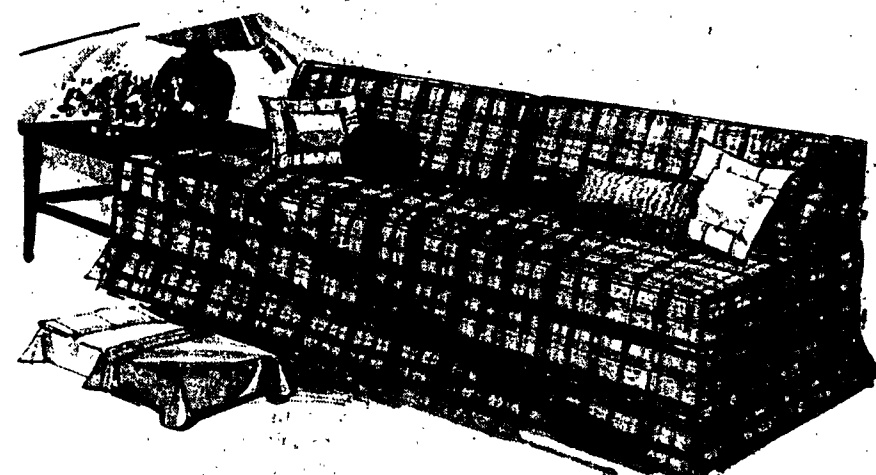

In other supporting roles are Walter Vaughn, Jay Heltzmann, Loren Hoyer, Debbie Shafer, and Nannette Stroh.

Producer Roger Scharp and technical director John Holmes have devised very special technical effects that create the chilling atmosphere necessary to "Dracula" and their efforts will assure the viewer of the right mood to have a pleasurable evening of the play!

"Dracula" will run two more evenings and tickets are available at the door.

Dangerous heaters...

(Continued from page 1)

peak season begins with the onset of the first freeze.

Shubert presented the board with a proposal to rehabilitate equipment in the entire system for some \$5,000, but board attorney Joseph Gex advised against letting such a contract on an "emergency" basis without following normal bidding procedures.

At a second meeting Wednesday morning, the board authorized Randolph to hire Shubert's firm on an item-by-item basis after Gex reported the board could approve expenditure of up to \$500 for such repairs without competitive bidding.

Randolph met with Shubert following the Wednesday meeting to discuss some five or six items from Shubert's initial report which will be considered for "top priority" and immediate repair.

Heaters at Gulfview Elementary considered "dangerous" and a main boiler at Charles B. Murphy Elementary which is inoperative were among items under consideration at that meeting.

Also at the Tuesday meeting, the board heard a request from member Woodrow Ladner for a possible meeting with State Land Commissioner John E. Ainsworth concerning oil leases on school-owned Sixteenth Section lands.

A bill by State Representative J. P. Compette now pending in the legislature will afford Hancock County School System some \$175,000 in oil lease fees plus 25 percent production royalty.

Woodrow Ladner told the board some private interests were receiving "as much as a 40 percent royalty" from leases of wetlands.

Leases on Hancock County's Sixteenth Section lands are handled by the

state since a Wetlands Bill gives jurisdiction of the property to the state for "conservation of natural resources."

Some 16th Section lands in Hancock County fall in the definable wetlands area.

Woodrow Ladner, interested in obtaining a better lease arrangement for county schools, is attempting to bring Ainsworth to a forthcoming tri-county school board meeting in Bay St. Louis to be attended by school officials from Hancock, Harrison and Jackson Counties in November.

"If private citizens are successful in obtaining better leases, we also could do better," the board member feels.

"But it will take a lot of maneuvering to get something of benefit to the coast like this passed in the legislature," Woodrow Ladner said.

Board member Louie Ladner asked Gex for an attorney general's opinion on legality of leasing Sixteenth Section lands by the state rather than the county school board.

In other action at Tuesday's meeting, the board retired into a lengthy executive session to discuss the finances of athletic activities at Hancock North Central with Principal Thad Haskins.

At the Wednesday meeting, the board approved out-of-state bus trips for special education classes at Hancock North Central to attend the King Tut exhibit in New Orleans on Nov. 19.

Also Wednesday, the board authorized computerization of the school system's payroll accounts at a cost of 50 cents per check. Randolph said the board issues some 250 checks per month.

Webb School...

(Continued from page 1)

"We need something for our youth—especially in the summertime."

The newly re-organized Bay-Jaycees said the building would be available as a meeting place for any civic organization or governmental body in addition to having a primary Youth Center function.

The Webb Building, now a community center, served for many years as a neighborhood elementary school, being closed with the construction of S. J. Engram Elementary, which itself is now used as a part of Bay Junior High.

Several months ago the Jaycees made a proposal to buy Webb Community Center but the Council voted against selling the property.

Future plans by the city call for a fire sub-station at Webb, and Bay St. Louis Parks and Playgrounds Commission use of an area under the building as storage. Neither of these operations would be affected.

After a lengthy discussion, Benvenuti made a motion, seconded by Harry Farve, that the proposal be studied until next council meeting. Council President James Thrifflay thanked Rutledge, and the Jaycees in attendance, for their efforts on behalf of the youth.

Mayor Larry Bennett said he was in agreement with the council and would do everything in his power to help the Jaycees with this worthy project.

Buccaneer Crew Notes

by DIDDY QUINLAN

DIDDY QUINLAN

Many fun activities are still going on at Buccaneer Park even though the heavy use season is over. Now that cooler weather is here many outdoor activities can be enjoyed without the fear of heat stroke! Swim races, horseshoes, tennis matches, nature hikes are all included in our weekend activities. Billy Dingman, 8, of Gulfport and Angel Jenkins, 7, of Mandeville were the champs in our swim races for those aged 8 and under; with Carl

Beasley, 10 and Joy Parette, 12, both from Biloxi, capturing the title for our 9-12 year olds. Our ping-pong tournament was won by Norbert Rodriguez, of Chalmette, while his son Frank Rodriguez won the Pinball contest and the bike races. Kirk Ladner, 11, of Waveland placed second in the bike races. Our horseshoe tournament was dominated by a group of campers from New Orleans, calling themselves "Camper Saints." Marvin Moate and Warren Madarra led the lively bunch in the tournament through an afternoon of fun. Most campers are fun-loving people, and Camper Saints are certainly no exception! We enjoyed having them with us. Remember, our activities are free to anyone. The people of Hancock and Harrison Counties have a beautiful facility here, and we want you to take advantage of it.

Oyster catch limits down

Acting on a request from the oyster industry, the Mississippi Marine Conservation Commission this week tightened catch limits to be allowed on oyster dredging boats during the coming season.

Official opening date of the dredging season will be Nov. 1, according to Dr. Richard L. Leard, commission director. The new on-board limit is to be 14 barrels or 42 sacks, down from the 60-sack limit originally set by the commission in August.

Leard said the request to reduce the limit was made by the Mississippi Shellfish Packers Association for conservation reasons.

He said the request was based "on a good bit of evidence that oysters were overfished last year." "The association would like to maintain a good catch throughout the season," Leard said.

The season traditionally opens in November and runs through the following April when the commission makes a decision on the closing date.

State Baptists plan show of brotherly love

Target date for the staging of simultaneous revivals in black and white Baptist Churches throughout Mississippi has been set for April 1979.

An integrated group of Mississippi Baptists met last week in Jackson to formulate plans for conducting joint evangelistic campaign during the next year and a half.

Plans thus far include joint black and white regional evangelism training classes to be followed by a mass kickoff rally in Jackson in March, 1979.

Rev. Nathan Barber, pastor of the First Baptist Church of Bay St. Louis on Main Street, said his congregation does not presently include any blacks, "but they have been welcomed to our services for quite some time."

The pastor said he felt sure

Red Cross spent two and a half million dollars in Hancock County following Hurricane Camille - this is a United Way agency.

Bay High taking on crippled Bearcats

by RANDY LANKFORD
The Bay High Tigers will take on a crippled Long Beach football team Friday as the

have one halfback left and we have had to move him to quarterback. Also missing from the Long

off losses last week with the Tigers falling 50-0 to d'Iberville. Rhodes sees the Tigers with a good chance in their bid for their second win.

"We have juggled our lineup some, and have been looking at some people we hope can do the job for us. We are confident going into this game. We think we are over the hump of our schedule now," says Rhodes as the Tigers enter the second half of the season.

Rhodes is looking for the Long Beach defense to be

stunting (having defensive linemen crossing over and changing positions as the play begins) on its rush against the Tigers and says his team will need a good performance from the offensive line.

"That's what happened against d'Iberville. They were stunting a lot on defense and that messed up our blocking assignments on the offensive line. That's why we had so much trouble with their pass rush. I think Long Beach will be trying the same thing. We have been working with the

offensive line on it a lot this week and hope we will be able to control it if they do try to stunt on us," added Rhodes.

For the last two weeks Rhodes has been changing players in his starting lineup looking for the right combinations at certain positions. The second year Bay High coach feels that he has now found this winning combination.

"We have tried some different people on the line and in some other positions and we think we have the right people

in the game now. Billy Tillman started for us at defensive tackle last week. He was hurt early in the game and had to come out. He will be back this week though," added the coach.

When asked what would be the major factor in this week's game, Rhodes answered, "winning". The coach wore a sly grin as he answered.

Maybe the Bay coach has found the right combination and is saving the news for Friday night.

Bay Sr. High

TIGERS

Tigers look for their first win in five weeks. The Bay team won its opener against Notre Dame but hasn't managed to score since, losing the last four games.

The Long Beach team will come into Friday night's 7:30 game with only one player left from the backfield that started the season five weeks ago.

"We've had injuries since the start of the season," says head coach Earl Nelson of the Bearcats.

"We have lost almost our whole starting backfield. We

Beach backfield will be halfback Eddie Henson and fullback Greg Moody. Henson has been out since the first game of the season and Moody was injured in last week's 31-6 loss to George County.

Jeff Scafidi will start at halfback for the Bearcats and sophomore Steve Satchfield will take the field in the place of the injured Moody.

On the defensive side the Long Beach team will be without the services of linebacker Keith Marie. He will be replaced by defensive end Randy Fisher.

Henson, Moody and Marie were all starting seniors for the Bearcats.

On the other side of the coin the Tigers of Bay High will come into the game relatively healthy with only running back Roy Shubert out with an ankle injury. It was earlier thought that quarterback Dwayne LaFontaine would be out with a neck injury when he was carried from the field last week in an ambulance with what was believed to be a neck injury. Bay High head coach Billy Rhodes has now reported that LaFontaine merely "had his bell rung," and that the doctor on the sideline was just being careful.

Both teams will be coming

Ole Miss facing Georgia

Rebels searching for combination

UNIVERSITY - Ole Miss continues to search for the winning formula Saturday when the Rebels meet defending Southeastern Conference champion Georgia in Athens.

Kickoff is set for 1:30 p.m. EDT, in 59,200 seat Sanford Stadium where a crowd of 55,000 is expected.

Ole Miss was responsible for two of three regular season

Georgia defeats over the last two seasons as the Rebels overpowered the Bulldogs 28-13 in 1975, then furnished one of college football's biggest upsets last season, 21-17.

This Saturday's confrontation should furnish at least as many fireworks as both teams try to get back on the winning track. Ole Miss enters the contest 2-3 after last week's last minute bid for victory against Auburn fell inches short on a fourth and goal pass attempt from the War Eagle nine.

Meanwhile, Georgia lost its second game of the season against two victories, 18-10 at the hands of Alabama.

The game is a homecoming of sorts for Ole Miss split end Robert Fabris and defensive back Jon Fabris, the latter who played part of his high school ball at Cedar Shoals High in Athens. Dr. Frank Fabris, the duo's father, is on the faculty at Georgia.

It will be former Bulldog assistant Jimmy Vickers' first visit home since joining the

Ole Miss staff and Rebel head Ken Cooper's second visit to Athens as the Johnny Reb mentor. Cooper is 2-1-0 against his alma mater and would like nothing better than to improve that record ahead Saturday.

"We face another outstanding football team this week," Cooper said. "We're not concerned with looking back except to learn from our mistakes. We are still an improving football team and have one thing in mind this week - to go to Athens and even our record at 3-3."

Cooper did reflect momentarily on the Ole Miss loss to Auburn last week. "We had the opportunity to win the football game, but we just couldn't pull it out," he said. "We certainly had the

chances." Cooper cited an inconsistent offense in the second half, saying "our defense gave us several opportunities, but we didn't capitalize. We had a few mistakes offensively that hurt us in key situations."

Those mistakes Cooper cited were a fumble in the second quarter which changed the momentum of the game at the time. Then the interception in the third period that allowed Auburn to move ahead 21-12.

"We didn't quit when we got behind," he said. "We came back and got the field goal, which was one of the scores we needed. Then our defense gave us another chance with a fumble recovery. We moved down the field but couldn't push it in."

"Football is a game of execution," he concluded. "We executed well in spots, but were not consistent. If we learn from our mistakes and continue to improve we'll be a good football team."

In Georgia, the Rebels face a potentially explosive team which boasts a strong defense which is allowing less than 150 yards a game. The Georgia offense was hard hit by graduation, especially in the

Trophy from PP&K

BACK THIS WEEK—Wayne Jones (32) of the d'Iberville Warriors picked up some valuable yardage for the Warriors in their 50-0 win over Bay High last week. Jones will be back this week as the d'Iberville team tries to raise its record against Bay St. Louis teams to 2-0 as they take on St. Stanislaus Friday. The St. Stanislaus team suffered its first loss of the season last week against the tough Hancock North Central Hawks.

Bay High to host Jamboree

The Bay High football stadium will be the site Monday for a B team jamboree. The junior varsity teams from Bay High, d'Iberville, Pass Christian, and St. Stanislaus will meet in the game where no overall winner will be declared. The contest will start at 6 p.m. with Bay High facing

Pass Christian. The teams will all play three 10 minute quarters.

The second match of the night will pit St. Stanislaus against d'Iberville at 6:45. Bay High will meet d'Iberville at 7:15 and St. Stanislaus will take on Pass at 7:45.

At 8:15 d'Iberville vs. Pass Christian and the final game

of the night at 8:45 will see Bay High take on St. Stanislaus.

There will be no seniors playing in the junior varsity jamboree. The teams will all be made up of sophomores and juniors as area coaches take a look at some of their future starters.

Ole Miss' fullback, it's a long Storey

UNIVERSITY—Senior fullback James Storey, a leading candidate for the Jacobs Blocking Trophy, presented to the best blocker in the SEC, proved Saturday against Auburn that he wasn't all block, no run.

With the Rebs trailing 14-6 and owing a second down at the Tiger two, the 6-0, 210-pounder from Ripley headed left on an off-tackle attempt. When that door slammed shut, Storey retreated past the five, gathered momentum, and after seemingly forced to swing wide, fought his way through a crowd for the score.

"The middle was pretty well clogged but I got some help from someone near the outside and managed to get in," explained the modest veteran who has lead the Rebel rushing

THE HAWKS ARE CLOSE TO SCORING—Jennifer Favre on the shoulders of her father Don Favre isn't too happy with the Hancock North Central drive that downed St. Stanislaus last week. The Hancock team won 7-0 to claim the unofficial Hancock County Championship. The St. Stanislaus team will face another stiff challenge this week when the d'Iberville Warriors come to Bay St. Louis to challenge the Rock-Chaws. Hancock North Central will try to raise its season record to 5-0 Friday with a road trip to Lumberton.

Breath wins Wadewitz

WADEWITZ REGATTA CHUCK BREATH secured another victory for Bay Waveland as he won the final race of the GYA Flying Scot Series at the Wadewitz Regatta at Fairhope Yacht Club last weekend.

Backwash

By Ann Stieffel

Ed Turnpseed sailed the first race for BWYC with Kay Kergosien and Chris Stieffel crewing and finished second behind Beau LeBlanc of Southern Yacht Club.

Chris Stieffel with Kay Kergosien and Ed Turnpseed as crew finished fourth in the second which was won by Kenny Kleinschrodt of Buccaneer Yacht Club.

John Heath and Chris Stieffel crewed for Breath as he won the third race for Bay Waveland, moving the club another step closer to the coveted Capdevielle victory.

This year's Wadewitz Regatta may have set a record for capsized yachts, broken down yachts or equipment, skippers or crews as they fought the extreme heavy winds and high seas during Saturday's races. As if that had not taken sufficient toll, Sunday's light air race was immediately followed by a violent squall which hit the fleets before they were able to return to the harbor.

What else does he do on offense besides block and run? Try catching the football. With three grabs under his belt in '77, two were "biggies", both touchdowns, a 10-yarder and a nine-yarder in the 20-13 upset of Notre Dame.

Blocking was Storey's initial splash in becoming a "triple

threat." Lettering at linebacker as a 1974 freshman, he was moved to fullback near the end of spring drills in '75 primarily because of his strength and blocking ability. His accomplishments in shielding passers and paving paths gained him early notoriety. The other attributes have established him as one of the most solid running backs in the entire SEC.

TENNIS CLINICS
A tennis clinic will be held at St. Stanislaus tennis courts for children, ages 7 - 15, Monday through Friday, Oct. 3 - Oct. 7. Time 5 p.m. to 6 p.m.
A clinic for adults will be held from 6 to 7 p.m. on the same days.

St. Clare's wins games

St. Clare's third win of the year came against Bay St. Louis Catholic Elementary two weeks ago when the Warriors took a 21-7 win.

The first time St. Clare got the ball, the Warriors marched 60 yards with Fred Peterman scoring the first touchdown of the day from 15 yards out. John Moss added the extra point for St. Clare.

Ronnie Artigue tied the score at 7-7 late in the first half when he broke through St. Clare's line, gathered in a blocked punt and raced 35 yards for the Bay team's only score in the game.

Peterman raced to his second touchdown of the day in the second half and Moss added the third St. Clare score to put the Warriors on top 21-0 at the gun.

The St. Clare defense, led by Dean DiSalvo and John Henry with one fumble recovery each, held Bay Catholic to no first downs in the second half. Peterman blocked a punt for the Warriors and Moss intercepted a pass.

Peterman was named the Outstanding player of the game by the Warriors. The young fullback carried the ball 16 times for 152 yards, caught two passes for 29 yards, scored two touchdowns, one PAT and blocked one Bay Catholic punt.

Moss, quarterback of the Warriors, completed all five of his passes in the game for 45 yards. He ran the ball 10 times for a total of 35 yards, scored

one touchdown, two PATs and intercepted a pass while playing defense for the St. Clare's team.

The St. Clare defense held on to its perfect record after the third game by not allowing a score. The Bay Catholic touchdown came against the offense when a blocked punt was run in for a touchdown.

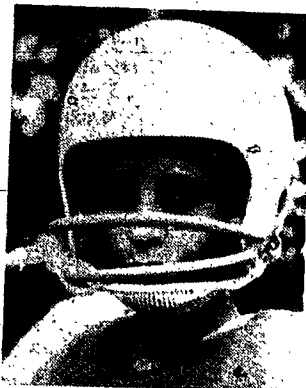

Warriors to play for conference championship

Coach Moss came up with a new quarterback, Dean DiSalvo, to lead the warriors against St. Paul and Disalvo handled the job like he had been there all season.

The game began with St. Clare kicking off, and St. Paul fumbling the return. Fred Peterman recovered the fumble. Then Disalvo took over and led the Warriors 55 yards, handing off to Peter-

man for the final 8 yards and the first Warrior touchdown. Disalvo ran the ball 9 times for 44 yards, and threw 2 passes for 19 yards. On the final play of the game Disalvo handed off to John Moss for a one yard touchdown and Fred Peterman scored the extra point.

Leading ball carrier for the Warriors was Fred Peterman

Crawl to Safety

The correct way to escape from a smoke-filled room is by crawling.

"Smoke always rises," says John Barracato, Deputy Chief Fire Marshal of New York City and spokesman for the Burger King Corporation Fire Safety Program. "If a child wakes up in a room full of smoke, he should roll out of bed and leave the room by crawling as low to the floor as possible. Just by sitting up a person could be overcome by fumes and die within three breaths."

"Crawling," explains Chief Barracato, "a person breathes the air closer to the floor, and so is less likely to be overcome."

In a national TV and radio tour this fall including Fire Prevention Week, Chief Barracato will be bringing the fire safety message to children and parents as part of a national public service project sponsored by Burger King.

The water in the local rivers and bayous is improving, there hasn't been a lot of reports on freshwater fishing but with clearing and cooler water the freshwater fishing should be getting better.

A group of local hunters and some of their hunting buddies from other areas made a dove hunt to Scooba, Miss., this past weekend. The hunt was organized by Roddie Bilbo and Frank Ladner. The party consisted of about 60 hunters. Some of the local

Memphis McAbee taking the final two yards over left tackle. Jeff Davis, Bill Smith, James Smith, Jessie Carter, and McAbee all contributed to the drive.

Jeffrey Reed's try for the point after failed and Pearl River Junior College held a 6-0 lead with 6:51 remaining in the first quarter.

Early in the second quarter, Itawamba mounted a drive that finally ended at the PRC four yard line. Beginning at their own 20 the Indians marched to the Pearl River Junior College five with a first and goal. The Indians were aided with five penalties against the Cats.

On second down a jarring tackle at the four sent the ball bobbling from quarterback

Chris Holt's hands and Jeff January of PRC recovered at the four.

Moments later the Indians had the ball back and were knocking at the Wildcats' 30 yard line, but another turnover, this time an interception by Kim Grayson, stopped the Itawamba threat.

Pearl River then marched 75 yards in six plays with Jessie Carter taking the ball in from the 12. A pass interference penalty at the 12 aided the Cat drive. Reed's Pat's attempt was good.

Moments later Pearl River's Paul Montgomery intercepted a Holt pass and returned it 78 yards for another Wildcat score. Quarterback Davis tried left end for a two point conversion

but he fell inches short. The first half ended with PRC out in front 19-0.

The second half action was marred with several fairs up by both teams but officials and coaches kept things under control. Itawamba's only touchdown came with 6:38 to go in the third on the eight yard run by Tippy Armstrong.

The extra point was good by Alfonso McMillian.

Montgomery came up with two more interceptions and Frank Newsome added another in the final quarter to stop all Itawamba threats.

Memphis McAbee was the game's leading rusher as he amassed 113 yards on 12 carries. Jessie Carter picked up 43 yards on five tries. Davis also gained 25 yards rushing.

Hunting area closed

JACKSON - Hunters are being told to stay off some lands formerly open to public hunting in Issaquena County. Local deputies will be on hand this weekend to enforce the posted area, according to Game and Fish Commission Director Joe Stone.

Hunters will not be allowed on the 2,200 acres of 16th section land inside the Mississippi River levee about eight miles south of Fidler, as a result of recent action by the Issaquena County Board of

Supervisors. The land was formerly leased to the Mississippi Game and Fish Commission as a wildlife area.

"This news comes at a bad time," Stone said, "since this weekend is the opening of squirrel, rabbit and bow season in this part of the Delta. This was one of the prime hunting spots in this area and on opening day there are usually some 200 people from all over who camp and hunt there."

Pyburn. Pyburn was injured two weeks ago and did not play against Alabama. If he is unable to go again this week, his replacement will be sophomore Randy Cook.

The 15 game series between Georgia and Ole Miss, which dates from 1940, is all even at 7-7-1.

After this week's game, Ole Miss returns home for a two-game stint in Hemingway Stadium against South Carolina and Vanderbilt while Georgia meets the Commodores in Nashville next week and Kentucky at home two weeks hence.

Mental let-down worries coach

Hancock looking for fifth win

by RANDY LANKFORD KILN - After a 7-0 football win over the St. Stanislaus Rock-a-Chaws last week the main thing Hancock North Central coach Irvin Favre is worried about this week is a mental let-down. The Hawks travel to Lumberton this week to face the Panthers with hopes of raising their season record to 5-0.

While other coaches hunt remedies for a sputtering offense or a porous defense, Favre is concentrating on the mental attitude of his team. "We know that if we are ready for them, we can win. If we have a mental let-down though we will be in trouble," said Favre.

"We want to go undefeated. We just can't afford to have a let-down. After facing Bay High and St. Stanislaus back to back and having won both games, we could have a mental lapse."

Favre's team took a 35-0 win over the Bay High team and followed it up with a 7-0 squeaker over the Rocks last week to claim the Hancock County championship.

To add just a bit more pressure to Hancock's bid for its fifth win, Friday is Lumberton's homecoming. Favre expects a tough game from the Panthers as they try to improve on their 2-1 record for the season.

Another thing that has the Hancock boss worried is the size of the Lumberton team. "They must outweigh us 30 pounds per man. Their defensive line averages 225. This is a concern for us too. They have a very strong defense. Their offense doesn't score a lot of points but their defense doesn't give up too many points either."

"Their defense presents a tough test for us. They play the run and the pass very well. We like to run the ball. They have a big defensive line and

we will have our work cut out for us running on them," commented the coach.

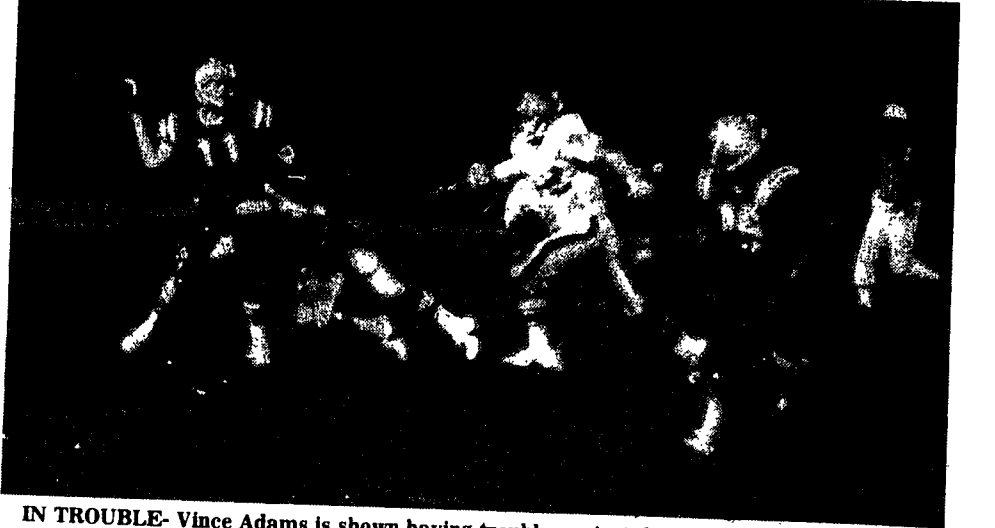

"We have to take it week to week. We can't be looking ahead. If we take anyone lightly they could slip up and beat us. We have to prepare well for each game," added Favre.

team. We all are. Motivation is one of the biggest factors of the team. We're also very proud of the fact that of the four games we have played, three of them have been shutouts.

"We're getting better performances from some people than we were really

expecting. I'm kind of surprised at how well we have been playing," concluded Favre.

Although he may be surprised at his own team, chances are Favre won't be surprised by Lumberton. That is, if the mental attitude of the Hawks is right.

IN TROUBLE - Vince Adams is shown having trouble against the St. Stanislaus defense last week. Adams didn't have too much trouble as the Hancock North Central Hawks rolled to their fourth win of the season against the Rock-a-Chaws. Adams will again be quarterbacking the Hawks Friday as they take on Lumberton.

No. 13,828
THE STATE OF MISSISSIPPI
TO: THE HEIRS AT LAW OF GEORGE W. ELLIS, DECEASED, AND ANY AND ALL PERSONS HAVING ANY RIGHT, TITLE AND INTEREST IN THE FOLLOWING DESCRIBED LAND, TO-WIT:

A certain lot of land, with its rights and appurtenances, situated in the J. Bouquet Claim in Section 28, Township 8 South, Range 14 West, Hancock County, Mississippi, and more particularly described as follows: beginning at a stake set at the Southeast corner of that lot of land conveyed by A.F. Cameron and wife to Aurelia Favre by deed dated March 6, 1902 and recorded in Volume A-4, pages 276-277, Records of Deeds of said County; thence running North 50 1/2 degrees West along the Northern line of the old Bayou Galere Road, 80 feet to a stake; thence North 31 1/2 degrees East 209 feet, more or less, to a stake; thence South 50 1/2 degrees East 80 feet to a stake; then South 31 1/2 degrees West 209 feet, more or less, to the place of beginning, being the Eastern 80 feet of the same land acquired by Aurelia Favre as per deed above referred to and the same land acquired by Theresa Ellis from Aurelia and Lawrence Favre by deed recorded in Book D-1, page 40, Deed Records of said County.

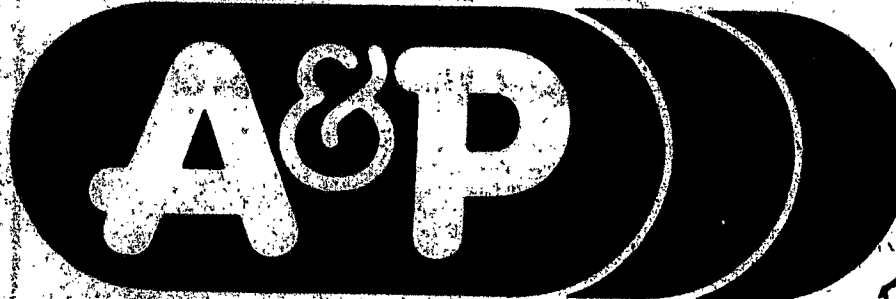

You are summoned to appear before the Chancery Court of the County of Hancock, in said State, on the fourth Monday of October, A.D. 1977 to defend the suit No. 13,828 in said Court of LAWRENCE S. ELLIS.

The same being a suit to place heirs in possession of said land above described wherein you are a defendant.

This 27th day of September A.D. 1977
